## St Mary's GAC, Rasharkin Community Survey April 2015

St Mary's GAC are currently developing a project to build a new multiuse community facility. The organisation are currently sourcing funds to develop the project and are carrying out a community survey as part of ongoing public consultation to identify the need for this type of facility in the Rasharkin area. We would appreciate if you could take the time to complete this short survey which will help support our project and any funding applications that we submit.
